

PEOPLE'S MOBILIZATION TO STOP THE US WAR MACHINE AND SAVE THE PLANET

The United States is a lawless nation – violating the United Nations Charter by imposing unilateral coercive economic measures (aka sanctions), conducting regime change, waging illegal wars and continuing colonialism in Puerto Rico. The Trump administration violated the Vienna Convention by invading the Venezuelan Embassy and has dropped out of critical agreements such as the Iran Nuclear Deal, the INF Treaty and the Paris Climate Agreement, causing great instability in the world.

In September 2019, we'll rise up for four days of actions to demand: No Wars. No Sanctions. No Colonialism. No Coups. To save the planet, we've got to hold the US accountable and stop the US war machine.

New York City:

Sept. 20 – Climate Strike
